BANK OUTLOOK BETTER AS WEEK OF PERIL ENDS

Clearing-House Association, Overcoming Morgan's Opposition, Decides Unanimously to Issue Its Certificates Next Monday.

BANK SURPLUS WIPE OUT AND DEFICIT NOW SHOWN.

Clearing-House Statement for Week Issued To-day Shows Required Reserve Has Been Cut \$12,415,950 Resulting in Deficit of \$1,233,300.

In the face of the opposition of J. Pierpont Morgan, James Stillman and other leading bankers the Clearing-House Association, in a general meeting this afternoon, decided unanimously to issue Clearing-House certificates next Monday.

Announcement of the action of the Clearing-House Association was delayed until after the banks closed at noon and every effort was made to keep the news of the contemplated action from leaking out ahead of time.

The meeting of the Clearing-House Association was preceded by a meeting of the Clearing-House Committee, which lasted nearly two hours. J. Pierpont Morgan did not attend, but was represented by George W. Perkins.

MORGAN OPPOSED IT.

It is understood that while Mr. Perkins did not personally talk against the issuance of Clearing-House certificates, bankers known to represent Morgan interests counseled against the move on the ground that it would tend to impair the credit of the country and create the impression that conditions in New York are worse than they really are.

The issuance of certificates will begin immediately. Debt balances showing to-day will be cleared by certificates on Monday. The distribution of certificates will be controlled by the Loan Committee of the Clearing-House.

The members of the committee are James T. Woodward, President of the Hanover National Bank; William A. Nash, President of the Corn Exchange Bank; Dumont Clark, President of the American Exchange Bank; A. Carlton Hepburn, President of the Chase National Bank, and Edward Townsend, President of the Importers and Traders' Bank. They will be assisted by a special committee consisting of James O. Cannon, of the Foothills National; Walter F. Wiggin, of the Corn Exchange; Gates McGarragh, of the Mechanics'; Albert H. Wiggin, of the Chase National, and H. P. David, of the First National.

MAY READMIT TRUST COMPANIES.

Preliminary steps looking to the readmission of the trust companies to the Clearing House Association were taken at the meeting.

Notice of a resolution to readmit the trust companies—this resolution to be introduced at the next meeting—was given. To take the trust companies into the Clearing House it will be necessary to amend the constitution.

It is understood that the unanimous action of the Clearing House Association was taken only after Mr. Morgan had been shown that a majority of the members were in favor of issuing certificates. Then his representatives said they would withdraw their opposition for the sake of harmony.

THANKS TO CORTELYOU.

The meeting passed a resolution of thanks to Secretary of the Treasury Cortelyou and Mr. Morgan. As the bankers left the Clearing-House they asserted that the certificate plan will go far toward the restoration of complete confidence. The fact that all the banks remaining open safely weathered the day and that the apprehension of the public was shown to be diminishing by the slowing down of the runs on savings banks and trust companies was taken to mean that the crisis has passed.

The situation is now well in hand. The banks that need assistance can be looked after without trouble.

The flood of money toward the New York banks will continue next week. The National City Bank has engaged \$3,000,000 in gold for import, and it was shipped to-day. This importation was arranged on the bank's own resources and without the co-operation of the Government.

GOLD FROM EUROPE.

Europe has plenty of gold available for the uses of this country, and there is a balance of about \$60,000,000 in our favor. It is believed that as fast as gold abroad is contracted for and shipped the Secretary of the Treasury, following the example set by Secretary Shaw a year ago, will make immediate deposits in New York banks covering the shipments. This will have practically the effect of putting the gold into circulation in New

INDIANS DEFEAT PENNSY; CORNELL WINS FROM TIGERS

ASSASSIN AFTER KING EDWARD IS TAKEN BY POLICE

From South Africa, He Admits That He Intended to "Shoot the Boss."

NEWMARKET, England, Oct. 26.—The police here to-day arrested a man suspected of having designs on the life of King Edward or the Prince of Wales.

The prisoner, who was a member of the Bechuanaland (South Africa) police named J. H. Pearce, was found wandering in Chippenham Park, where the King had been shooting this week and in which the Prince is going to shoot on Monday.

Pearce, when taken into custody, said he intended to "shoot the boss who was shooting him."

After a preliminary examination in the police court he was remanded for further inquiries regarding his past life. It appears that he participated in the Jameson raid into the Transvaal, and is laboring under the impression that he has a grievance against King Edward. The King left Newmarket yesterday and returned to London.

KNICKERBOCKER CLOSE LEAVES HER STILL SIGHTLESS

Mrs. Higginson, Author, Can't Undergo Operation With Funds Tied Up.

Because of the closing of the Knickerbocker Trust Company, Mrs. Sarah J. Higginson, the author of "Close," to-day underwent an operation which is expected to remove from her the affliction of blindness. Indirectly because of the same thing her lawyer, Stephen Hoye of No. 6 Wall street, is preparing to sue the suits against City Chamberlain, Martin.

Mrs. Higginson is the widow of Stephen Higginson and a sister-in-law of Admiral Higginson, United States Army, and Lee Higginson, of the Boston Symphony Club. Following the death of her husband she sued the Mutual Life Insurance Company to collect four policies for \$10,000 each on his life, owing to claims against the policies, the amount was restored during the litigation on \$4,600 on each policy, and the total of \$10,000 was, by order of court, turned over to the City Chamberlain, to be held pending any further steps.

Stephen Hoye made a demand on the Mutuals for the full amount. He was told that the money had been deposited in the Knickerbocker Trust Company and was therefore safe. Hoye insisted that he should have Mr. Martin's check for the amount.

Hoye refused the lawyer to leave. Hoye called a policeman, who ejected Hoye from the Stewart Building, where the Chamberlain office is located.

Mr. Hoye, whose name is Hoye, would see Mr. Martin or Biddle for the suit and that he would also sue him for the sum due Mrs. Higginson.

Mr. Higginson is staying with friends in the city, waiting for the operation for the restoration of her sight this afternoon at the Eye and Ear Hospital, Third Avenue and Twenty-first Street, and just started to attend an eye doctor's office a few months ago, when she became almost totally blind. The operation was not performed.

SEPARATE STATEHOOD FOR ARIZONA AND NEW MEXICO

WASHINGTON, Oct. 26.—President Roosevelt announced to-day Senator Film of California, to-ly, that he should use his influence to separate Arizona and New Mexico.

The members of the company at White Plains have been invited to hold themselves in readiness for service in Yonkers this evening.

President Baker Fired.

President Baker, of the New York City Police Department, to-day, by the charges made yesterday by Health Officer McCormick, who was sent to New York to investigate the strike by the members of the department, refused to accept them as knackered senseless by a strike-section. The matron and conductors escaped.

White Plains, to-day, directed the matrons to the station on Washington and Audubon avenues and threw the girls into the river. Great crowds, which included men and women, stood about and cheered the work of destruction.

It is believed that the Yankees military company, which has given a great deal of trouble, will be disbanded.
